THE COLLEGE OATH

"We will never bring disgrace to this, our College, by any act of cowardice or dishonesty. We will fight for the ideals and sacred things of the College. We will revere and obey the College laws and do our best to incite a like respect and reverence in others. We will transmit this College to those who come after us, greater, better, and more beautiful than it was transmitted to us."

'Choose Your Own Poison'

The Lions or a Term Paper!

Which is worse, facing a firing squad, being thrown into a lion's den or being assigned a last minute term paper? The answer to this question would naturally depend on whether you were a soldier, Daniel, or a student. In many cases a last-minute term paper is a fate worse than death.

In these last few weeks of school, everyone will be rushing around trying to get his or her required assignment in before deadline time. Some students have as many as five term papers to complete—not counting some unit exams and studying for the finals. That's a pretty busy schedule for any student!

Some last minute confusion can be avoided by students if they work on their term papers a little bit every evening. Even though it may take three or four weeks to complete them, it will seem like less of a burden.

By this time of the year almost all term paper assignments have been issued. At the end of several weeks it will all be over. So in the remaining moments of battle, let us all choose our targets well, and aim for informative, well-organized term papers.

A Well-balanced Production

Missourian Reviews Mikado

Bouquets are in order for the Music and Drama Departments for their recent production of The Mikado.

The choice of the Mikado was made by Mr. Gilbert Whitney in cooperation with Dr. Ralph Fulsom, who said he would like to stage this and that he had some costumes in the department that could be used.

The plans materialized with auditions in January and solo roles (exception of one) were taken by music students. The chorus had a schedule of extra rehearsals as well as their regular class meetings. The Drama and Speech departments did their shares superbly as they always do.

The production is one of the best balanced we have had. The soloists were good in both speech and singing and the chorus was strong; the staging exhibits the humor of Gilbert and Sullivan; the scenery captured the Japanese flavor. The chorus' costumes were good; and the soloists' costumes were appropriate, especially that of the Mikado.

Enjoy Second Act

We had a good audience on opening night that applauded the efforts of the singers; especially, they enjoyed the second act in which orchestra and performers were more relaxed.

"The Division of Music is pleased with the results of its annual spring musical event. With the assistance of the Speech and Drama Departments, a good production was made possible," said Mr. Whitney. To that the Missourian says, "NWMS isn't so 'anti-cultural' after all."

THEY'RE TALKING ABOUT . . . The English lit class honored by the visits of John Milton and Elizabeth Barrett Browning during the prof's absence—EXCUSE US!!! — we mean "assistant professor" . . . the "appendix" . . . "I wonder" . . .

The Stroller extends his sympathy to the noble endeavors of certain gentlemen to put a fresh coat of whitewash on the tennis courts—only to come back later and find dainty little footprints adorning their art work. . .

S.C.A. Plans Outing

Plans were discussed for the annual picnic to be held in the College Park, May 18, at the regular meeting of S. C. A. May 4.

Fannie Kavanaugh led devotions.

Kathy Palmquist was appointed chairman of a committee to recommend constitutional revisions by the president, Jeanne Swope. Other committee members are: Ron Horn-ecker, Loretta Farmer, and Gary Rickman.

The busy people on campus are still expressing their feeling to the Stroller about the last minute term papers that have suddenly been called to their attention. . . Do you wanna know who they're blaming???

The Stroller wishes to extend her congratulations and best wishes for success to the new Union Board president. . .

Sink, Sank, Splash!!!

The Stroller understands that we have some professors suffering from absent-mindedness. Take, for instance, the case of the professor who asked his class to stand quietly, when they CONJUGATE in the hall before class, and then later asked them if they knew how to CONGREGATE a verb.

I WONDER what it would be like if there were no coke glasses broken in the Den for a whole week, if Mr. Peel's first name were Norman Vincent, if Mr. Johnson's first name were Van. . .

I WONDER what it would be like if cigarette and liquor prices were stable, if the weather stayed nice, if girls didn't like convertibles, if boys could afford convertibles, if eight o'clock classes were abolished.

I WONDER what it would be like if social science were a snap, if everyone started riding bicycles, if everyone were on the honor roll, if the Kingston Trio requested to give us a free performance.

I WONDER what it would be like if B.B. and M.M. entered as frosh this fall, if everyone stayed in on Walkout Day, if Homecoming were held in Warrensburg, if girls didn't have certain hours, if Fred Flintstone taught Humanities. . .

I WONDER. . .

Dean Reveals Tests Wrong In Ranking

In a recently published pamphlet entitled "Who Would Be Eliminated?", reprinted from "The Coming Crises in the Selection of Students for College Entrance," Dean George B. Smith of the University of Kansas presents a study made of the graduating class of 1955 to see how many students receiving degrees at that commencement were in the lower half of the distribution on both the American Council on Educational Psychological Examinations upon entrance to the University as freshmen.

These two tests selected for this study were used in the placement examination battery during the five years of the expanded study. "It is my fear that most people are placidly accepting selection testing as a panacea for all, or almost all, of our educational problems."

Two hundred and eight out of one thousand and six graduating seniors in June, 1955, were found to be in this lower group. They represented almost every academic discipline and every college or school in the University.

The study of the class of 1955 has been repeated for the classes of 1958 and 1959, and interpolations have been developed for the classes of 1956 and 1957. The summary for the five-year period, 1955 through 1959, follows:

If restrictions for admission had eliminated all those who scored below the fiftieth percentile of both the A.C.E. and the Speed of Reading Examinations, the loss to the state and to the nation would have been over 1100 individuals in only five graduating classes.

The loss to the state and the nation would have been 202 teachers, 176 engineers, 22 journalists, 31 lawyers, 25 medical doctors, 43 pharmacists and 482 graduates of the College of Liberal Arts and Sciences and the School of Business.

In each graduating class the picture of academic success of those students 'who would have been eliminated' paralleled the picture of the 1955 group of 208

Who is your pick for the most outstanding athlete on campus? It won't be long until we know for sure. At the Honors Assembly, May 16, the award for the Outstanding Athlete will be given. Also at that time, the Intramural Supremacy Trophy, the Howard Leech Award for the outstanding PE major, and the first annual Bill Croy award for the best trackman of NWMSC will be presented.

McBride Takes Honors

Dale Cramer reports that the intramural swimming meet has been completed. Dick McBride was the high individual swimmer for the event, compiling 22 1/2 markers for Phi Sigma Epsilon. Bob Willis and Charles Hook tied for the runner-up position with 18 total points.

In total team competition in the meet, Sigma Tau Gamma finished in the top slot with 101 tallies; Phi Sigma Epsilon, 51 markers; and Phi Lambda Chi, 10 points.

Swimming coach, Guy Bensusan, acted as official starter, and swim-team members, Chuck Sanders, Ed Atkins, and Bob McCoy were timers for the intramural contest.

Track Honor Roll

Congratulations to Larry Sommer, Bill Meyers, and Chris West for being named to the track honor roll.

The Bearcat baseball squad with some heavy hitting by Dick Clark and Howie Rolfe seems to have reached a late season peak, with some fine freshman prospects for a brighter season next year.

After dropping one match early in the season, the 'Cat tennis team has hit its stride with a winning streak and raised its overall mark to 7 wins and 1 loss. Senior Bearcat netter, Jack Freese, will participate in his last match for the Bearcats in the upcoming tournaments. Freese and John Bregin have teamed up to give the Cats a fine doubles team for the past three varsity seasons.

Dr. Peterson Recovering

It is reported that Dr. H. D. Peterson is on the road to recovery after undergoing a very critical period of illness. Monday, May 8, 15 "M" Club members traveled to Kansas City to replace blood in the blood bank for Dr. Peterson. It is understood that Dr. Surrey paid for gas and oil for the trip. . . .

Did you hear about the umpire who was run down crossing a street because he lost his white cane?
